

My Little Adventures

80 Fun Activities to Learn Through Play

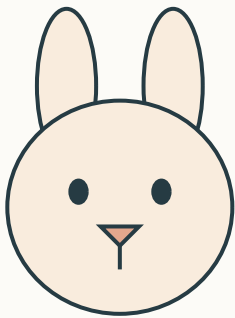

Ages 4-5

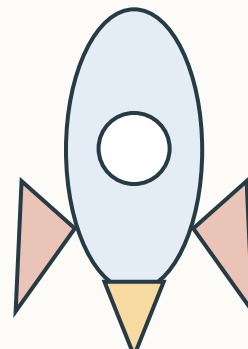

AT HOME

IN THE GARDEN

WITH ANIMALS

IN SPACE

Trace • Count • Observe • Create

India Edition | Colour

A little time to discover, at their own pace.

Before You Begin

Small steps, no rush.

01 Choose an Activity

No need to complete the workbook in order or do one sheet every day. Follow your child's interest and pace.

02 Get What You Need

A4 paper, pencil and colour pencils. For activities 61 to 70: round-tip scissors and glue, with adult supervision.

03 Print Only What You Need

Select Actual Size (100%) and one page per sheet. Do not print cut-and-paste activities double-sided. If an edge is cut off, choose "Fit".

04 Guide, Do Not Test

Read the instruction aloud. Pointing, counting aloud or asking for help all count. If your child seems tired or frustrated, take a break.

05 Celebrate the Effort

Perfect tracing or drawing is not expected. This workbook supports learning through play; it does not replace teaching or professional assessment.

Your Adventure Map

The activity number appears at the top and bottom of each sheet. The answer key uses the same numbers.

01-15

TRACING

Pencil paths

16-30

NUMBERS

Quantities from 1 to 10

31-40

SHAPES

Shapes and comparisons

41-50

LOGIC

Patterns and simple rules

51-60

OBSERVATION

Look carefully

61-70

CUT & PASTE

Hands-on fun

71-80

IMAGINATION

Your own ideas

Every activity is an invitation, not a test. Repeat your favourites or save some for later.

Activities 61-70 require adult supervision.

Garden Paths

Trace the dotted paths. Start at each large dot.

No need to follow the line perfectly. Go at your own pace.
